COMFORT PLUS HEAT WALL FANS

▲ R3V1000B

COMFORT PLUS HEAT WALL FANS work simply and economically, ensuring the comfort of your customers and your staff. Comfort Plus Heat Wall Fans heat the air coming from the outside.

Applications: For all types of entrances: supermarkets, warehouses, receiving docks, offices, retail surfaces, storage areas, etc.

Benefits:

- ▶ Heat cold air coming from outside
- ▶ Reduce heating costs by optimizing heat distribution throughout a building or a specific area
- ▶ Reduce relative humidity
- ▶ Provide better comfort to customer and staff
- ▶ Simple and versatile installation that allows the redistribution of ambient warm air in the building
- ▶ Perfectly adapt to all commercial and industrial environments
- ▶ Easy to clean
- ▶ Ask us how **COMFORT PLUS HEAT WALL FANS** can solve warm air stratification problems within your building
