COMFORT PLUS FANS

◀ RV200B

RV400B

COMFORT PLUS fans work simply and economically, ensuring the comfort of your clientele and your staff by more efficiently re-circulating the warm air that rises to the ceiling.

Applications: Supermarkets and warehouses (reception docks, offices, retail surfaces, etc.)

Advantages:

- ▶ Reduces heating costs by optimizing heat distribution within an establishment
- ▶ Reduces relative humidity
- ▶ Better comfort for clientele and staff
- ▶ Discrete, quiet and efficient
- ▶ Simple and versatile installation that allows the redistribution of ambient warm air between refrigerated cases instead of inside them.
- ▶ Perfectly adapts to all commercial and industrial environments
- ▶ Easy to clean
- ▶ Ask us how **COMFORT PLUS** fans can solve warm air stratification problems within your establishment
