**Subject : Letter of recommendation
SMARTREF TECHNOLOGIES**

Dear Madam, Sir,

This is to highlight the work carried out by Serge Dubé as representative of the SmartRef company.

We had big problems with cold temperatures in the supermarket and in the entrance. Mr. Dubé worked quickly and efficiently to meet our urgent need to make the store more comfortable and carry out our last-minute requests. We saw a significant difference in comfort level after his equipment was installed.

Mr. Dubé is an energetic, hardworking, organized person who is very available to his clients and has a multitude of solutions to offer. Furthermore, he and his company offer exemplary customer service.

For all of the reasons listed above, I would not hesitate to call on his services and skills for another project.

Best regards,

Julie Pelletier, owner
