

COMFORT PLUS

Horizontal cooling units

H4CP >

H4CP ECM

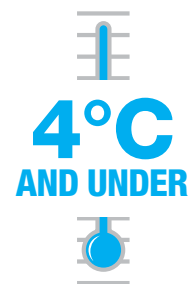

COMFORT PLUS horizontal cooling units work simply and economically to preserve the quality of refrigerated and frozen products.

Applications: Commercial and industrial cold rooms, freezers and deep freezers

Benefits:

- > Ensure superior quality of refrigerated and frozen goods
- > Maintain a constant food temperature
- > Meet government standards in terms of the required temperature for the maintenance of food freshness
- > Can be installed above doors and above shelves of refrigerated or frozen products
- > Quiet and efficient
- > Less frost on ceilings and walls of freezer rooms
- > Simple installation that cools warm air entering cold rooms or freezers when doors open
- > Easy to clean and maintain
- > Very low energy consumption
- > Allow to reduce evaporator defrost times

Follow the standards set by the MAPAQ
